

As a growing, profitable organisation, we are always pleased to hear from people with the skills and qualities to advance both their own career and our business. To find out if there is an opportunity for you, check for specific vacancies below, or just email your CV and a covering letter to: [martyn@plusopto.co.uk](mailto:martyn@plusopto.co.uk)

### **Field Sales Representative, South of England**

Our growing business is now seeking a Field Sales Representative to increase sales in the South England / Wales territory.

The successful candidate will be responsible for establishing contact with existing customers, identifying new opportunities, and following up on potential leads. The role will be based from home within easy access of the South of England, with occasional visits to our HQ in Leigh. The ideal candidate will be familiar with LCD / Display products or electronics industry and market-place and motivated to engage customers in order to identify emerging markets and develop plans to utilise those markets to expand revenue.

### **Internal Product Engineer, Technical Support**

Working with our established sales team we are seeking a Product Engineer to provide technical support for our range of evolving and expanding products.

The position is office based in Leigh, Lancashire and the successful candidate will be responsible for providing a technical interface within our organisation and with our customers. The role will require Electronic and Electrical competence, with a basic understanding of LCD and LED products & design considerations along with familiarity of LED drivers, Power Supplies & Lighting Controls.

Good communication skills are required to provide customer interface, answer customer queries, liaise with Marketing and Management to produce marketing collateral/ product data briefs and provide joint visit support.

Do you have experience in sales or product management in an electronics / technical environment?  
Do you have a desire to develop your career?

If so, we want to hear from you! To be considered for this role, please [contact us](#) with a current CV, salary expectations and a covering letter.
