

Full Colour Outdoor Spotlights RGB+CT

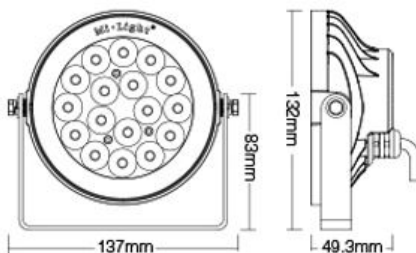

Designed for landscape, architectural and decorative lighting schemes the SYS-RC series offers a palette of 16 million colours from the 5 channel RGB+CT LED configuration. Two power options is available and control is via 2.4GHz wireless RF.

Connected via the SYS-T1 RF host controller the spotlights are compatible with a range of hand-held or wall mount controls and can interface with WiFi App and 3rd party voice controls via gateway.

Schemes may be expanded to 50 fittings up to 300metres using the SYS-T2 signal amplifier.
